

Separation and disposal of packaging waste

Yellow Bags

Yellow Bags are destined for collecting packaging waste made of plastic, metal or composite material. The packaging waste will then be separated and recycled in modern facilities.

Where do I get Yellow Bags?

The annual quantity is directly delivered to your home! Private households automatically receive a roll of Yellow Bags in March every year. Households in need of additional bags for a more intensive collection of recyclable materials have the possibility to order more. You can either order online on: www.entsorgungsdaten.de or in person with vouchers you receive at the community centres and other issuing offices.

After having registered, you will receive a postcard voucher with which you can collect a roll of Yellow Bags at the following issuing offices:

- Community centre in the new town hall
- Collection centre, Markomannenstraße 3
- Co. Meindl, Hainsacker, Baierner Höhe 1
- Recyclingzentrum Regensburg, Werner-Heisenberg-Str. 6
- Lottery receiving office Susis Laderl, Silberne-Kranz-Gasse 1
- Edeka aktiv Markt, Karl-Stieler-Straße 70
- ARAL – gas station, Puricellistraße 3
- Esso – gas station, Augsburg Str. 44
- HEM – gas station, Friedenstraße 12 a
- AVIA – gas station , Nordgaustraße 36
- HEM – gas station, Obertraublinger Straße 101

Please note that:

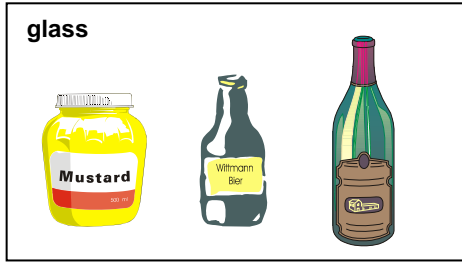

- You should take your Yellow Bags out on the eve of or before 6 a.m. on the collection day.
- You should only leave full and tied bags for collection.
- The Yellow Bags are destined for the collection of recyclables only. If you still have Green Bags, you can continue to use them. Using the Bags for other purposes is prohibited!
- All materials should be collected clean and free of residues.
